SUMMARY

Final-year Computer Science student at UET Lahore with strong programming and problem-solving skills. Proficient in C++, Python, C#, Django, and Flask, with experience in databases, automation, and cloud technologies. Passionate about AI and aspiring to build a career in software Development. A quick learner and team player, eager to take on challenging projects.

EXPERIENCE

Junior Website Developer June 2025 – August 2025 *ppcfly.pk* Pakistan, Lahore
Gained hands-on experience in web development using Django. Successfully deployed multiple application stacks on Vercel and AWS.

Teaching Assistant September 2023 – May 2024 *Department of Computer Science, UET Lahore*
Worked as a Teaching Assistant for Object Oriented Programming (OOP) and Programming Fundamentals (PF) under Mr. Laiq uz Zaman Khan Niazi. Also served as Teaching Assistant for Information Security under Ms. Ayesha Altaf.

SELECTED PROJECTS

Dark Prompt | *Django, Kaggle, Vercel*
Developed a web application as part of my Final Year Project (FYP). The frontend and backend basic functionalities were implemented using Django, while the main LLM chat-bot was hosted and run on Kaggle.

School Management System | *Django*
Created a web application for school management as part of the Software Engineering course.

Mind Craft | *Django*
NLP project for education and learning, fine tuned an LLM on data from twitter chats for semantic analysis and quiz and exam taker from uploaded documents

Secure Chatting App | *Django*
An Information Security project for chatting and file transfer with end to end encryption using various Encryption Algorithms.

Chess | *Python*
Made a chess game as a Data structure project with GUI in PyQt5, and backend in python with every data setstructure used manually implimented.

EDUCATION

University of Enginerring and Technology Lahore, *Bachelor of Computer Science* 2022 - 2026

TECHNICAL SKILLS

Languages: Python, Bash, SQL, C#, C++
Tools: Django, Docker, Window Forms, Microdoft Office
Cloud: AWS
Databases: PostgreSQL, MySQL, MongoDB
Tools and DevOps: Selenium, Pandas, OpenAI, 'WhisperAI, GitLab, GIT
Soft Skills: Problem-solving, Logical thinking, Debugging and optimization
Languages: English and Urdu
